### Welcome to our 2018 Fall Auction!

Our third auction of 2018 is filled with an excellent variety of philatelic items and other collectibles. With many different consignments, this auction has something for everyone. This auction is **loaded** with US and foreign singles, sets, covers, specialty items, collections, accumulations and many larger box lots. With low start bids and a competitive buyer's premium (15%), we believe it makes our auctions appealing to both collectors and dealers.

#### Highlights include:

- A strong selection of earlier US singles, many with new certs.
- An impressive variety of US Back of the Book, including many better revenues.
- A nice selection of US Fractional Currency and Coins
- Canadian Semi-Official Airmail stamps and covers
- A nice amount of supplies and philatelic reference materials
- Many small, medium and large box lots
- Foreign singles and collections from several dealer estate consignments

Of special note are two outstanding estate consignments we were very pleased to receive and be able to offer to the Philatelic community. **Earl Garrison** was a longtime Michigan collector who always had a strong interest in world history. He specifically enjoyed the collecting areas of Germany, US, Israel and Canadian Semi-Official Airmails. He also enjoyed and was an avid collector of philatelic reference material. His curious nature made him a wealth of philatelic knowledge. **Jim Forbes** was an Ohio collector/dealer for many years. He was a very active buyer of worldwide material that he meticulously worked into hundreds of well organized country collections. He particularly liked, and had a special interest in, Iceland. He was passionate about stamp collecting and always made efforts to encourage youth involvement. Both gentlemen were regularly seen at stamp shows for many years and their passion for stamp collecting will be missed. Material from their collections will be part of our next several auctions.

Please enjoy reviewing the lots in this catalog or online at [www.sterlingkingbrookauctions.com](http://www.sterlingkingbrookauctions.com) or through [www.stampauctionnetwork.com](http://www.stampauctionnetwork.com) where all lots are scanned or photographed.

In-person viewing is also available the week prior to the live auction. Please check days and times listed on the auction bid sheet in this catalog.

**We look forward to meeting your philatelic needs!**

**Bob and Mark**

## TERMS AND CONDITIONS OF SALE PLEASE READ THIS CAREFULLY

1. **BIDDING** - Bid by lot number as printed in catalog or online. All bids are handled competitively, and all lots are sold at one bid increment over the next highest bid. If submitting by mail, fax, or phone, your full bid will not be used unless competition makes it necessary. The placing of a bid will constitute acceptance of the conditions of sale. The auctioneer shall regulate the bidding and in the event of a dispute, the auctioneer's decision will be final. The auctioneer shall not be liable for errors and omissions in executing instructions to bid. The auctioneer shall not be liable for floor bids that are unintentionally missed or obscure. In the event of a tie bid, the earliest non-internet bid will be chosen as the winner of the lot. This is due to programming restrictions using online software.
2. **CREDIT** - **Successful bidders, unless prior arrangements have been made with Sterling Kingbrook Auctions, are expected to make payment in full before the lots are shipped/delivered.** Payment may be made by check, money order (US banks only), Visa, Master Card, PayPal or cash. Do not send cash through the mail. All lots must be paid for within seven (7) days of invoicing unless prior arrangement has been made. All lots remain the property of Sterling Kingbrook Auctions until paid for in full. All lots must be returned intact to Sterling Kingbrook Auctions upon request if your account becomes delinquent. Interest on delinquent accounts will be assessed after thirty (30) days from invoice date. A 3% late charge per month will be added to all accounts that exceed thirty (30) days past due. Any checks returned for insufficient funds will necessitate charging the buyer a fee of no less than \$30.
3. **BUYER'S PREMIUM** - **A buyer's premium of 15% will be added to the hammer price for all lots purchased over the internet or on the floor on auction day.**
4. **POSTAGE AND INSURANCE** - Handling, insurance and posting charges will be added to invoices for material that is shipped with a minimum charge of \$5. Michigan residents will have a sales tax of 6% added to their invoice as well unless exempt status with documentation has been provided prior to sale. Shipping weights for larger, bulkier lots are added to the lot description for reference. Please note that customs declarations will not be altered per request of winning bidder.
5. **RETURNS** - Any lot which is incorrectly described may be returned within ten (10) days of receipt and must be returned in the same condition as was originally sent. The exception is for lots containing more than ten (10) stamps, lots described as large lots or "AS IS" lots - these are not returnable for any reason. We must receive notification in writing within fourteen (14) days of the date of the sale if you are planning to have a stamp expertized. Only lots containing single catalog numbers are eligible for expertizing. Acceptable authorities for expertizing purposes are the Philatelic Foundation, American Philatelic Society, and the Professional Stamp Experts, Inc. Others may be used but we must be notified of who they are before an item is sent. This is especially true of overseas expert opinions. We will not be responsible for any charges incurred by the buyer unless the opinion states that the items do not match the description given in our catalog, in which case we will pay the actual cost of the opinion or up to \$50. We will not accept returns for any reason after six (6) months has passed from the sale date. Any lot which has a certificate issued within the last five (5) years is sold in accordance with the certificate. It is not returnable for any reason, including an opinion obtained in a new certificate after the sale.
6. **SHIPPING OF LOTS** - Shipping costs will be included on your invoice and we will be shipping the items directly to you. Every attempt will be made to arrange for shipping with some form of tracking at the least amount of expense to you as possible. Any bidder wishing to pick up their winning lots should inform Sterling Kingbrook Auctions in advance of the auction. International shipments are sent registered mail, Global Priority Mail (USPS) or FEDEX. Other shipping methods must be discussed with Sterling Kingbrook Auctions before placing a bid or will be utilized when proper insurance is required.
